

HAIR & BEAUTY

This course is for those looking to gain professional qualifications, helping them to enter the Hair and/or Beauty industry.

The industry has developed since the days of just manicures and pedicures. Today a therapists role has expanded and a true professional must be equipped to deal with a wide range of demands.

The school provides Hair and Beauty training for those who see themselves with a career in these thriving professions. Our teaching methods ensure that all students leave confident in their abilities and skills learned. Their training is the passport to job satisfaction and success and our students leave to enter a variety of educational and work places.

We run VTCT courses from Level 1 to Level 3 and attend a wealth of external courses and seminars.

Our Level 3 courses include: in depth anatomy and physiology, hygiene, business management, salon management, human resources, recruitment and retention, health and safety, first aid, laws and legislations, salon procedures, analysis and consultation and a variety of luxury and standard treatments including a massage course and nail technology course.

Working on reception, the selling of additional products and services and how to run a business will also be taught through the 'Hair and Beauty Suite' on open client days.

Courses will include:

- Home study and case studies
- Practical and theoretical assessment
- Portfolio of evidence must be obtained
- Reception and Salon management duties

Students will need to purchase a uniform at a cost.

During the course there will be the opportunity to attend workshops, exhibitions, seminars and external trips.
