

Headteacher: T.Body BA (Hons), MA

10th February 2021

Dear Parent/Carer,

Thank you for all your hard work with home learning this half term, we are aware it has been a very challenging time for families and are very grateful to parents and carers for all the support.

I would like to confirm that students will be taking their half termly test in the week commencing 22nd February 2021. The results from these tests are important for tracking your son/daughter's progress in each of their subjects. Although the government are not expecting students to return to school buildings straight after half term, we would like to continue using the schools assessment cycle through the online learning platforms. This will allow us to ensure that your son/daughter have understood the topics that they have been studying since the start of the year. Class teachers and faculty leads will share revision lists and topics with students and results will be available under test 3 in go4schools from the 12th March 2021.

To ensure your son/daughter achieves results that reflect their ability, we would appreciate your support in ensuring that they are revising and working to their full potential.

If you have any questions or queries regarding any of your son/daughter's assessments, please speak with their subject teacher in the first instance, alternatively please contact the head of faculty who will be able to help you.

Many thanks for your support

Ms I Riaz

Mrs Riaz
